Who's Who

Builder and Developer's annual look at the best and brightest in the fields of residential building, land development and planning.

Barry Gross

President

Developers Research

Gross is president and founder of Developers Research, a real estate consulting firm, which provides comprehensive financial evaluation services on all types of property. Gross is a C.P.A., an attorney and a real estate broker who has served on the Newport Beach Planning Commission. He holds an MBA, along with a bachelor's degree in economics and a minor in engineering.

Scot Oldham

Vice President of

Developers Research

Oldham has been with Developers Research since its inception in 1997. His extensive knowledge and excellent customer service have contributed to the success and growth of the company. He holds the position of Vice President, lending his experience to projects by working directly with the project managers and overseeing budgets.
